## **For Attention : Africas Anchor of Hope**

The Principal , staff , learners and members of the School Governing Body wish to place on record their sincere and heartfelt thanks to Africa's Anchor Of Hope together with SHINE for conducting the Shine program at Natest Primary over the last 7 years. Your contribution has definitely made a positive impact on the lives of our learners.

The learners are given an opportunity to improve their ability to read and writing and also inculcate a love for reading.

Your organization has ensured that the library is fully functional and volunteers engage in reading activities with the learners. This has helped build our learners' confidence in English as isiZulu is their home language. Learners are allowed to borrow books from the library and this is monitored by the volunteers. We are grateful for all the resources that are provided by your organization in assisting the school in their Literacy programme.

We look forward to your future support, assistance and guidance.

Yours in Education

**MR V.GOVENDER**  
**(Deputy Principal)**
