We are committed to being an innovative hub of quality teaching that produces learners developed to exploit opportunities for life-long learning.

Dear Ms Pampallis and the Africa Anchor of Hope Team,

On behalf of the learners, educators and governing body of Clayton Primary School, I write to express our deepest gratitude for the unwavering support you have extended to our school library.

Your organisation's thoughtful arrangement of sponsors for quality reading material has transformed our library into a vibrant and inviting space. The introduction of a barcoding system has further streamlined the borrowing and returning of books, making the process efficient and accessible for both learners and staff. These practical contributions have significantly enhanced the day-to-day functioning of our library and have encouraged a genuine love of reading among our children.

We are equally appreciative of the literacy reading classes you offer to learners who require additional support. The patience, care and expertise shown in these sessions are making a measurable difference in the confidence and progress of the children who participate.

Special mention must be made of your dedicated team of volunteers. Their consistent presence every Monday and Wednesday, together with their diligence and commitment, has become a reliable and valued part of school life. Their quiet dedication does not go unnoticed and is deeply appreciated by the entire school community.

Africa Anchor of Hope, under your leadership, has demonstrated what meaningful partnership truly looks like. Your support strengthens not only our library but also the educational journey of every learner who benefits from it.

Please accept our sincere thanks. We look forward to continuing this valuable collaboration and to witnessing the lasting impact of your generosity on our school.

With warm regards and profound appreciation,

Mr Kalidas

Principal

Clayton Primary School
